HOUSE BUSY.

Many Bills Passed at Yesterday's Session.

Washington, Jan. 5.—The judiciary committee had the right of way in the house for three hours today and quite a number of bills of minor importance reported from the committee, were passed. The remainder of the day was passed in continuing the consideration of the bill to codify the laws of Alaska. Some 21 pages were disposed of today making \$1 to all.

The following bills called up by the judiciary were passed:

To provide additional circuit judges for the third and sixth judicial districts, to regulate the terms of court in Butte, Mont., to create Cassius S. Foster, United States District Judge of Kansas; to amend the revised statutes so as to allow the United States five pre-emptory challenges in criminal cases; to permit ship owners to file indemnity bonds and to allow legally appointed guardians of insane persons to prosecute patent claims.

A bill was favorably acted upon to amend certain of the revised statutes relating to jury trials, the principal amendment giving the United States the right to make five pre-emptory challenges in criminal cases instead of three under the present law.

Bills were also passed as follows: To fix the time for holiday terms of the federal court at Butte, Mont.; to permit ship owners to file a claim for indemnity bonds, and to permit the legally appointed guardian of an insane person to prosecute a claim for patent.

The house then proceeded with the consideration of the bill for the codification of the laws of Alaska, which came over from yesterday.

Mr. Bell, pop., Colo., moved to strike out section 14, which provided that any person who should by force, threat or intimidation, prevent or endeavor to prevent any person employed by another from continuing work, should, upon conviction be subjected to punishment and fine. He declared that the present section was an assault upon the liberty of the citizen. It was in reality a law to prevent strikes and was a blow to organized labor.

Mr. Maddox, dem., Ga., and Mr. Lewis dem., Wash., took similar grounds in favor to strike out.

Mr. Thomas, rep., Ore., defended the provision which he said had been taken from the statutes of Oregon and there had never been an intimation there that it was directed against organized labor. Mr. Knowles, pop., S. D., in support of the motion to strike out, declared that had this provision existed in the statutes of Illinois during the recent riots at Virgen, Governor Tanner and other officials of that state would today be behind the bars.

Mr. Cochran dem., Mo., declared that this section was an analogue to statutes which for six centuries had been designed to secure the help of the state in the suppression of th laborer. If Alaska had a future he said, it must be by the development of placer mining. If gold mining thrived in the time would come when corporations would seek to displace the labor in their mines with cheap labor. No such law should be engrafted into the statutes of the United States.

Mr. Gibson, rep., Tenn., said the section afforded protection to labor and was in no wise inimical to organized labor. Mr. McKee, rep., N. J., warmly supported the amendment.

Mr. Warner, rep., Ill., in charge of the bill, read a decision of the supreme court of Oregon, construing this law to show that it was not inimical to labor organizations.

Mr. Jenkins, rep., Wis., advocated the adoption of the motion to strike out. He said a minister of the gospel who would urge men who might be employed not to work on Sunday would be liable under this provision of this section. The motion to strike out was carried without division.

Several minor amendments were adopted and it 5 p. m. after completing twenty-one pages of the bill, the house adjourned until tomorrow.

How to Prevent Pneumonia.
You are perhaps aware that pneumonia results from a cold or from an attack of a gripe. During the epidemic of a gripe a few years ago, when so many cases resulted in pneumonia, it was observed that the attack was never followed by this disease when Chamberlain's Cough Remedy was used. It counteracts any tendency of a cold or gripe to result in that dangerous disease. It is the best remedy in the world for bad colds or gripe. Every bottle warranted. For sale by all druggists.

There is no remedy equal to Chamberlain's for the cure of constipation, sick headache, indigestion, vertigo, loss of memory, uncertain appetite, nervous sleep or skin eruptions. If you want a permanent cure for the liver, Chamberlain's will not disappoint you. F. B. Lillie & Co.

CALL FOR A STATEHOOD CONVENTION.

By the Statehood Executive Committee—Will Meet in Guthrie Wednesday, January 25, 1899.

The public of Oklahoma who are in favor of the admittance of the Territory into the union as a state are invited to meet in delegate convention at Guthrie, on Wednesday, January 25, 1899, at 2 p. m. for the purpose of memorializing congress to pass an enabling act and to take such action as may be deemed necessary to secure early statehood.

For the purpose of securing equal representation from the people of all the counties in the territory the committee has apportioned the delegates on the basis of one delegate to each one thousand population, or major fraction, as follows:

Beaver county.	3
Blaine.	9
Cleveland.	18
Canadian.	18
Custer.	9
D.	1
Day.	1
Garfield.	10
Grant.	14
Greer.	10
Kay.	18
Logan.	18
Logan.	18
Noble.	10
Oklahoma.	90
Pawnee.	11
Payne.	17
Pottawatomie.	23
Roger Mills.	2
Washita.	2
Woods.	24
Woodward.	4

In addition to the foregoing 6 delegates are apportioned to the Osage reservation, 2 the Wichita reservation and 5 to the Kiowa and Comanche reservation. It is recommended that mass conventions be held at the court houses at the county seats, on Saturday, the 21st day of January, 1899, at 2 o'clock p. m. for the purpose of electing delegates to said convention. It is also recommended that no proxies be allowed in behalf of the movement which alone will give us the benefits of home rule, economical government, and which promises to rapidly accelerate our career of progress.

The committee believes that Oklahoma is fully entitled to immediate statehood, and they appeal to all classes of our people to unite in behalf of the movement which alone will give us the benefits of home rule, economical government, and which promises to rapidly accelerate our career of progress.

Roy Cashion. Monument Fund.
The following citizens of Guthrie have generously and patriotically contributed to the fund to build a monument at Hennessey to the memory of the gallant boy soldier, Roy V. Cashion, who fell in the trenches of San Juan hill in the battle of Santiago. He belonged to troop D, commanded by Capt. Robert B. Huston, and was the only soldier from Oklahoma who gave up his young life for his country on the battlefield, and the idea of perpetuating his memory in marble is praiseworthy and patriotic.

All parts of the territory have taken a pride in the heroic deeds of this gallant boy, and the fund for the purpose of the monument is about raised and the amount needed in this city, with the names of the donors will be forwarded next week to the monument committee. Send in your mite, big or little, and your name to the LEADER bookkeeper.

A New Line For Arkansas.

The Choctaw, Oklahoma & Gulf railroad company has awarded contracts for the construction of one hundred and sixty-four miles of railroad through one of the best agricultural sections of the magnificent state of Arkansas. Work has already commenced and the line will doubtless be in operation by October 1st, 1899.

The location of the line will be as follows: Beginning at Howe, I. T., the present eastern terminus of the road, and running east to Monroe, entering Arkansas at a point near Hartford where large deposits of coal have been found and where mines will be operated; thence to Mansfield where connection will be made with the St. Louis & San Francisco railroad; thence to Ebo, Booneville, Magazine, Marvinville, Danville, Ola, Cass, Houston and Esau, and thence on the south side of the river to Little Rock, where connection will be made with the Choctaw & Memphis (formerly the Little Rock & Memphis) railroad, which will now become a part of the Choctaw system) thereby putting under one management a great east and west line of railway extending from the Mississippi river to Weatherford, Ok., a distance of nearly six hundred miles and passing through the state of Arkansas, the Indian Territory and penetrating into Oklahoma Territory for one hundred and thirty miles.

The new line passes through the following counties in Arkansas:

	POPULATION.
Scott.	12,455
Logan.	20,784
Yell.	18,015
Perry.	5,538
Pulaski.	47,329
Total.	104,591

And will cause the establishment of several good trading points and a few large and important towns, due notice of which will be given later.

The new line will control the traffic of the Petit Jean and La Fourche in Fave river valleys, the most productive valleys of the state of Arkansas, producing this year over 50,000 bales of cotton and thousands of bushels of corn and other farm products. Land can be bought cheaply, thereby offering excellent opportunities for enterprising farmers to procure homes in a well settled country, where good schools and churches are already established. The mountain ranges dividing the valleys are covered with magnificent forests of most excellent yellow pine, and the lower ridges and slopes are covered with large quantities of white oak, hickory, ash and other varieties of excellent hardwood timber. It is therefore certain that the lumber industry will be carried on extensively. The western portion of the line in the Indian Territory and Oklahoma is now furnishing a market for 3,000,000 feet of pine lumber per month, which is coming from Texas, Louisiana and Southern Arkansas, but which can all be furnished from mills on the new portion of the road; in addition to which new markets will be made in Oklahoma and Kansas, via the different lines of railway crossing the Choctaw, as follows:

Kansas City, Pittsburg & Gulf railroad, via Howe Junction, I. T., St. Louis & San Francisco railroad, via Mansfield and Wister Junction. Missouri, Kansas & Texas railway, via St. McAlester, I. T.

Atchison, Topeka & Santa Fe railway, via Oklahoma City, Okla. Chicago, Rock Island & Pacific railway, via Reno, Okla.
